WORK EXPERIENCE

Freelance

2025-2026

Fullstack developer

- Creating end to end complete web products for small businesses

EasyBuy marketplace

2024-2025

Frontend Developer

- Led the complete migration of the entire frontend codebase from plain CSS to Tailwind CSS, establishing a unified design system, improving development speed and consistency across the platform.
- Played a key role in preparing and successfully launching the product: implemented critical user-facing features (product cards, filters, cart, checkout flow), optimized performance, and ensured pixel-perfect responsive design on all devices.

SKILLS

- HTML CSS Tailwind
- Javascript Typescript C
- React Next.js
- Node.js Express Nest.js
- PostgreSQL MongoDB Mongoose Prisma Drizzle
- AI
- AWS Docker
- Git Figma Jest Playwright
